Description

Services

With our exceptional marketing team and efforts, we have reached multiple resources that gain tremendous exposure for your boat. One of our marketing strategies is web based. We create a comprehensive listing for your boat and populate them on to the most visited sites by people looking for pre-owned boats. Sites such as Yacht World and Boat Trader, which dominate the search engine results when an individual searches the Internet for a specific boat.

LET US DO THE WORK

At Palm Beach Yacht Sales, we have earned a reputation for exceptional customer service and operating with the highest level of integrity. Our experienced brokers use a straight-forward business approach that fosters trust and confidence in our buyers and sellers.

FINANCING SERVICES

Palm Beach Yacht Sales partners with IFG. Whether you are looking to finance a sport boat, cruiser, mega yacht, or refinancing your existing loan, IFG can design a financing program to meet your unique needs.

BROKERAGE BENEFITS

Most pre-owned boats are either a “central agency listing” of a yacht broker, or a trade-in from a new boat dealer. If you are viewing a broker listing or a trade-in, the listing broker or dealer is likely to know the vessel inside and out.
